

Sue's Letter

Greetings to our White Eagle Family & Friends,

Many of us can't believe that we have come to the end of another year but here we are. Once again there are so many events that play out on our global stage. We are learning our lessons as individuals, communities and nations. Since the pandemic, our intentions have been centered on thankfulness, kindness and gratefulness. As spiritual beings, we are mindful of these moral experiences and become aware of the Christ Light within all. During our daily zoom meetings, we come together within our beautiful 6- pointed Christ Star and then we say our Lodge Invocation. It's a wonderful way to start your day and prompts us to hold fast to these words but not by the letter of each word but by the spirit of brotherhood which is invoked. All of us who take part in these meetings really encourage others to participate as we share in the experience of our service to humanity. There is no doubting that even through the medium of technology, we are creating and sustaining the holy trinity of wisdom, love and power. We currently have 135 people who take part in our daily zoom meetings. 'To project the light of the Star; first turn to the shining Presence within your own innermost; be still there, and feel love growing in your heart, love for God and love for all humankind. Gradually you will become the Star. Then, conceive the Star on the mental plane, visualize it; see its blazing immensity with rays reaching beyond the limitation of time and space. Steadfastly hold this picture so that the whole of the earth is covered by the Star.' White Eagle Our Queen of Canada, Queen Elizabeth II was laid to rest in early September. She was truly a great soul who passed from the earth. There is profound gratitude for her life of dedicated service. Margaret Rees' has compiled a beautiful article about the Queen on page 4. In Lesley Tarrant Belcourt's article, Colours, she shares an amazing recollection of an angel that appeared in her life and that most importantly saved her from a serious injury. There are angels all around us. In the article, Hand in Hand with Angels, page 10, we are reminded that we are never alone. 'As you love others and as you help yourselves, so the help of angels comes to you, raising you up until your lives glow with joy and all becomes light. Never forget the angel by your side. Hold the hand of love and true humility in your work. Angel servers are always close. All they need is the co-operation of human love.' Hand in Hand with Angels, page 10 in this Drumbeat 3 As Ann Force has mentioned in her B.C. Greetings, we had two celebrations in our lodge. The St John's Retreat Centre in Texas held their 30th anniversary of the opening of the temple of the Golden Rose. During the same time, the new temple at New Lands celebrated their official opening. Now as we come together in the hushed silence of winter, let us believe in the spirit of the Christ-mas. Let us release our Star quality and light the flame in every human soul. May Peace reign over the earth. From all of your Canadian White Eagle family, we wish you a joyous Christmass and all blessings for the New Year.

Sue, Leader, Star Centre for Canada
